

LA BALEINE Application Instructions

Using **La Baleine Bleu Eye**, apply the **Soft Gold** on the eyelid with the *Eye Basic Brush*, from eyelash base to slightly above the fold. This is the **COLOR**.

Apply the **Silver** along the brow bone using the *Eye Contour Brush*. This is the **HIGHLIGHT**.

Use the *Eye Definer Brush* to apply the **Dark Grey**, softening the area where **COLOR** and **HIGHLIGHT** meet in the crease, recreating the shadow of the lash against the skin.

Apply two coats of **Mascara Noir** to top and bottom lashes.

Using the *Lip Brush*, apply a soft coat of **Angel Skin** Lip Stick. Start from the middle of the bottom lip and spread the color outward. This prevents from an excess of lipstick "bleeding" out to the lips' edge. Now, outline the shape of the top and bottom lips with **Tone** Lip Definer, drawing from the edges inwards.

Apply **Amaretto** Lip Gloss on top and bottom lips with the *Lip Gloss Brush*.

Using the *Cheek Brush*, apply **Laughter** Cheek Shade. Start at the inner edge of the cheekbone and work in soft strokes downwards, out towards the temples.

Lightly dust **La Baleine Blanche** Face with the *Face Brush* directly to the highest points of the face: across the cheekbones, forehead, and bridge of the nose.
