Clarifying Facial

| | |
|--------------------|--------|
| 1 HOUR (TREATMENT) | \$ 145 |
|--------------------|--------|

This treatment is designed to create clearer, radiant, more even complexions. It gently re-texturizes skin, provides deep hydration and lightens and brightens by inhibiting dark spots. A trio of signature products—Fruit and Flower Acids Mask, Jasmine and Lily Healing Mask and Vital Essence with Arbutin—contribute an array of highly effective botanically-based ingredients that target the effects of photoaging and environmental stress.

Detox Facial

| | |
|-------------------------------------|--------|
| 1 HOUR (CONSULTATION AND TREATMENT) | \$ 145 |
|-------------------------------------|--------|

This deeply purifying treatment is ideal for problem skin, but gentle and soothing enough for even the most sensitive skin. Massage helps increase blood flow while steam and extraction address any areas of congestion. Chantecaille's Detox Clay Mask with Rosemary and Honey detoxifies and purifies but also hydrates and remineralizes, regulating pH balance, firming and improving skin tone. Pores are tightened and skin is smooth, soft and glowing.

Detox Back Treatment

| | |
|-------------------------------------|--------|
| 1 HOUR (CONSULTATION AND TREATMENT) | \$ 165 |
|-------------------------------------|--------|

A complete treatment for the back that helps clear the skin. A massage and steam are followed by extractions; then the Detox Clay Mask is applied over the entire back. After, the Retinol Body Treatment smoothes, softens and reduces redness. This is ideal as a pre-vacation or pre-evening dress treatment.

Lunch Break De-Stress Treatment

| | |
|--|-------|
| 35 MINUTES (CUSTOMIZED FOR YOUR NEEDS) | \$ 95 |
|--|-------|

This highly focused treatment is designed to address specific skin concerns in a shorter time period. Choose from such treatments, as the **Energy Lift™ Facial** for an instant lift or a quick **Body Anti-Cellulite Lymphatic Drainage** to firm and tone.

Microdermabrasion

| | |
|---------------------------|--------|
| 1 HOUR | \$ 175 |
| PACKAGE OF SIX TREATMENTS | \$ 900 |

This effective, yet gentle, exfoliating treatment uses minute granules to "sandblast" skin, removing dry, dead cells on the outermost stratum corneum layer. It stimulates collagen and promotes the production of new cells within the deepest level of the dermis, leaving the face instantly refreshed and radiant. A facial massage and mask follow, chosen according to your skin's needs; either the line-smoothing Biodynamic Lifting Mask or the soothing Jasmine and Lily Healing Mask.

A session of microdermabrasion may be added to any treatment for an additional \$75.
